

I'm going straight to the point. This year 2004 I made my first pledge to keep AIR1 on the air in my local community. The Lord made it very clear that I needed to support AIR1 financially. The music sends good messages to its listeners. Lots of other stations the opposite and you know that. Christian music is getting pushed more than ever. Getting rid of AIR1 would stop it. AIR1 has gotten me through some tough times. It helped me relax when doing my homework and many other things in my life. Please open your heart and let the Our Lord Jesus Christ come in.

John 3:16
